the human/animal body,	are directed to a method of treatment of the search has been carried out and based on the compound/composition.
2. Claims Nos.: because they relate to parts of the Int	ternational Application that do not comply with the prescribed requirements to such
an extent that no meaningful internat	tional Search can be carried out, specifically:
3. Claims Nos.: because they are dependent claims a	and are not drafted in accordance with the second and third sentences of Rule 6.4(a).
·	
Box III Observations where unity of in	vention is lacking (Continuation of Item 3 of first sheet)
This International Searching Authority found m	nultiple inventions in this international application, as follows:
see additional sheet	
	•
1. As all required additional search fees searchable claims.	s were timely paid by the applicant, this International Search Report covers all
2. As all searchable claims could be sea of any additional fee.	arched without effort justifying an additional fee, this Authority did not invite payment
